### INNOVATIVE STRUCTURE FOR THE JOINT TASK

In the role of "enabler", a newly created, interdisciplinary team uses new ways and channels to initiate, activate, and bundle engagement across the entire urban society.

#### THE EIGHT FIELDS OF ACTION

INNOVATIVE TOGETHER JUST

#### **JOINT TASK**

Based on the existing goals, strategies and concepts, we must strengthen the **IMPLEMENTATION**.

This ambition can only succeed if appropriate steps are taken at all levels of urban society.

No one must be left behind in this great common task.

### THE DEAL BELONGS TO THE STAKEHOLDERS!

Wherever people in Mannheim make a contribution (action, measure, project or self-commitment) to the implementation of a climate-neutral, sustainable and inclusive city within the framework of global responsibility, we speak of a Local Green Deal.
