AMARANTE

Talent Check-in

An Initiative of Amarante Tech Hub

Talent Check-In is an innovative process by Amarante Tech Hub that aims to map and identify talent in the technology field with links to the Amarante region. Through an online system, the project connects qualified professionals with companies looking for technological expertise.

Objectives

- Create a talent database;
- Promote connections between companies and professionals;
- Identify market trends.

Talent Move to Amarante

AMARANTE
TECH HUB

An Initiative of Amarante Tech Hub

- **Free accommodation:** The program offered free accommodation for four months for the professional and their family.
- **Welcome mentor:** A welcome mentor was assigned to assist the professional and their family in integrating into Amarante, facilitating the adaptation process to the new city.
- **Cultural experiences:** The program offered a set of experiences for participants to get to know the city of Amarante, its traditions and potential.
- **In return:** In exchange for the benefits received, the selected professionals had to conduct a workshop or masterclass, within their area of technological expertise, aimed at the local technology community.
