

EUROPEAN U R B A N INITIATIVE

WORKSHOP 4

Combining mitigation and adaptation in governance & funding

Information to workshop facilitators on Dec 4th

- In the master-document on the following link: [Workshop outline](#) you'll find a suggested timeline as well as information about interactive elements in the plenary session.
- On the following slides you will find templates for worksheets as a support for the documentations of the workshops.
- We have suggested questions that could work for all of the workshops, but if you have other questions prepared feel free to change the templates accordingly.
- Please have a look at this and get back to me (Natalie) on tuesday at the latest with your worksheets. I will print this on Wednesday 3rd
- At the following link you will find folders for each workshop, please save presentations and documentation in the workshop folder: [EUI CB event 4 dec 2025 - Workshops](#).
- **Please make a copy of this presentation and save in your workshop folder before doing changes.**
- We would also like you to assign one person in each team for documentation throughout the workshop. The documentation should be uploaded in the assigned folder after the workshop. If you need an additional person for this contact Natalie.

AGENDA Workshop 4

Combining Mitigation & Adaptation in Governance & Funding

1. Welcome & check in (5 min)

Charlotte G Brynielsson

2. Introductory Presentations (10 min)

Karoliina Pilli-Sihvola & Erik Engström

Adaptation, resilience & preparedness in Climate City Contracts

3. National & Regional Perspectives (20 min)

- Johan Willdal, Tillväxtverket
- Jonathan Nylander, Vinnova
- Karin Hjärpe, SMHI
- Christoffer Carstens, Länsstyrelsen Gävleborg

4. Group Discussions (40 min)

Based on four guiding questions:

5. Feedback Session (20 min)

Group insights

6. Final Reflection (10 min)

Tommaso Bassetti, ICATALIST / MIP4Adapt

7. Check-Out (10 min)

“What integrated action will you take forward?”

EU Agenda for cities

"A vision – thriving, liveable, prosperous and inclusive cities " .

Cities across Europe are liveable, prosperous, and inclusive. They provide high levels of digital connectivity and opportunities for people of all generations, taking into account demographic change, and businesses to thrive, thereby promoting competitiveness, innovation and growth. Quality jobs and the provision of affordable, sustainable and decent quality housing for all, as well as equal and easy access to services, are vital for thriving cities.

EU Agenda for cities

“The EU, through the Horizon Europe programme, is advancing two EU Missions to tackle climate challenges in cities: **Climate-Neutral and Smart Cities** and **Adaptation to Climate Change**.

The former involves 100 cities in the EU working towards climate neutrality by 2030 through **Climate City Contracts** — comprehensive plans co-created with citizens and stakeholders covering energy, buildings, transport, and waste, supported by investment strategies. **These cities also act as innovation hubs to inspire all European cities** to reach climate neutrality by 2050.

The latter supports over **300 local and regional authorities** with climate data and scientific modelling to conduct place-based risk assessments and develop innovative solutions. This approach strengthens resilience, fosters cross-sectoral planning, and ensures local actions align with broader regional and national strategies. **The two Missions collaborate closely.**”

*“Allt stort som skedde i världen skedde först
i någon människas fantasi”*

Astrid Lindgren

*“Anything BIG that ever happened in the
world, first happened in someone’s
imagination”*

Astrid Lindgren

Climate City Contract 2030, version 2025/2026

Gemensamma åtaganden mellan kontraktsparterna

The city's commitment

Climate goals

Which are the climate ambitions in relation to the Mission?

Roadmap

Which measures are required for reaching climate neutrality by 2030?

Climate investment plan

Hur investerar vi för att nå klimatneutralitet till 2030?

Joint commitments between cities

Myndigheternas gemensamma åtaganden

Viable Cities åtaganden som intermediär och facilitator

Missionen

Transition arena
Transition team
Building shared transition capacity

Portfolio of measures
Contributes to the transition on an aggregated level

Which investments are required?
Who will need to invest?
Investments within and beyond the municipal sector
Multiple benefits from climate transition

Optional, oriented around 10 important areas for acceleration

1

Strengthened governance and management to accelerate the climate transition

2

Climate analyses and climate calculations as a basis for strategic climate management

3

Financing and investing in the climate transition

We strengthen the foundations of the Climate City contract together

4

Social sustainability and a just climate transition

5

Digital transformation as an enabler for the climate transition

6

Procurement and purchasing as strategic tools

7

Complementary and compensatory measures

8

Coordinated climate mitigation and adaptation

9

Citizen engagement and participation in the climate transition

10

Communication for the climate transition

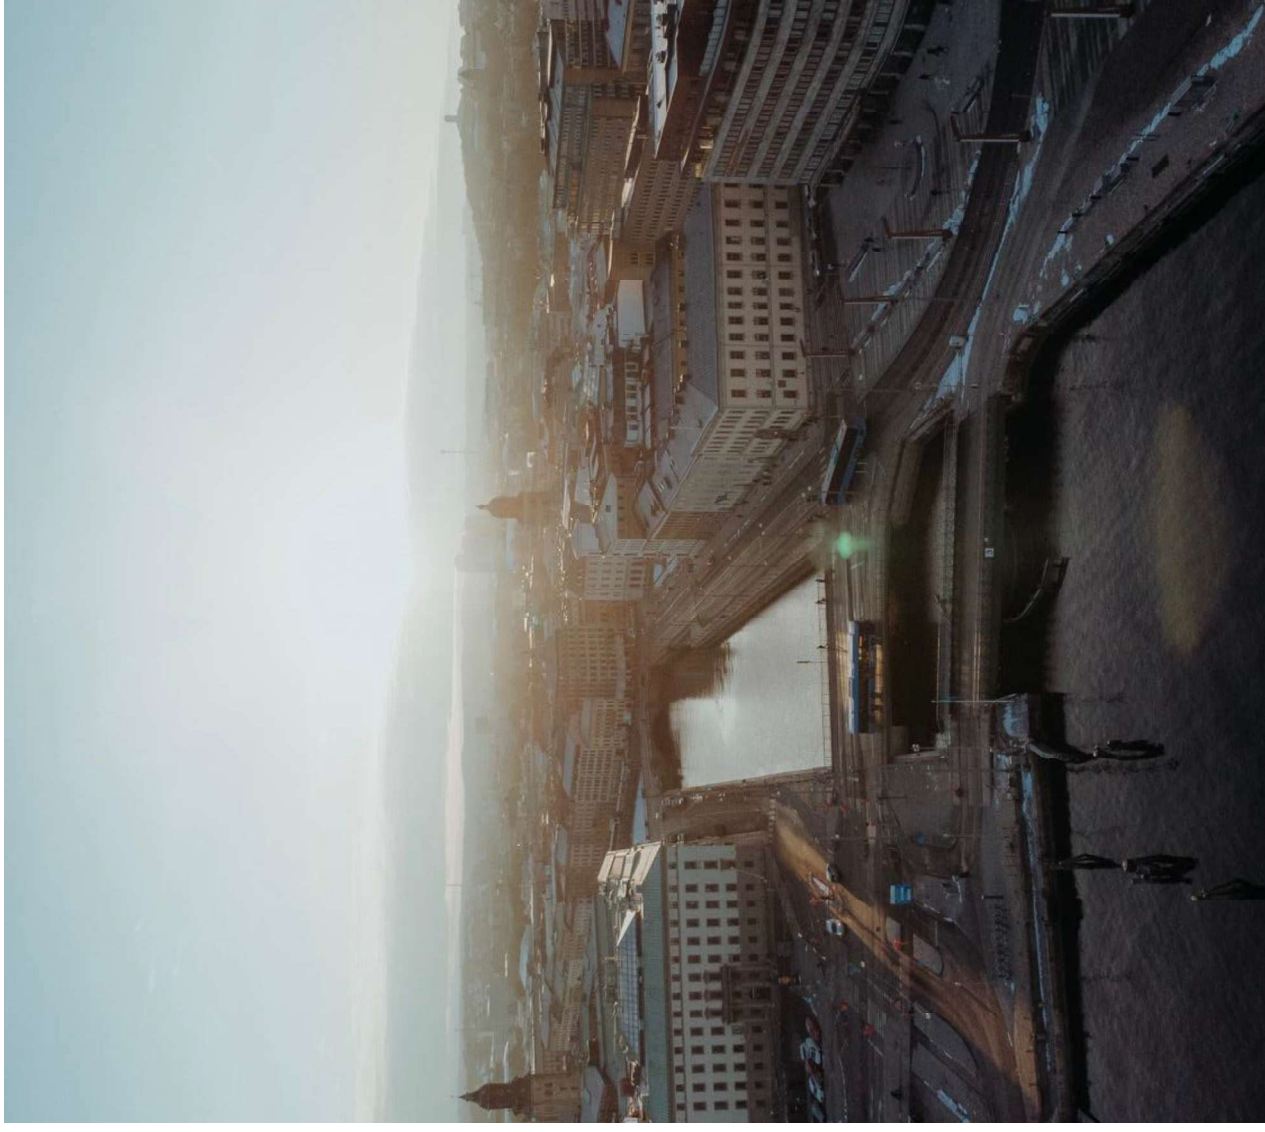

OPTIONAL
Thematic areas

We strengthen our transition capacity by collaborating on tools and prioritised areas

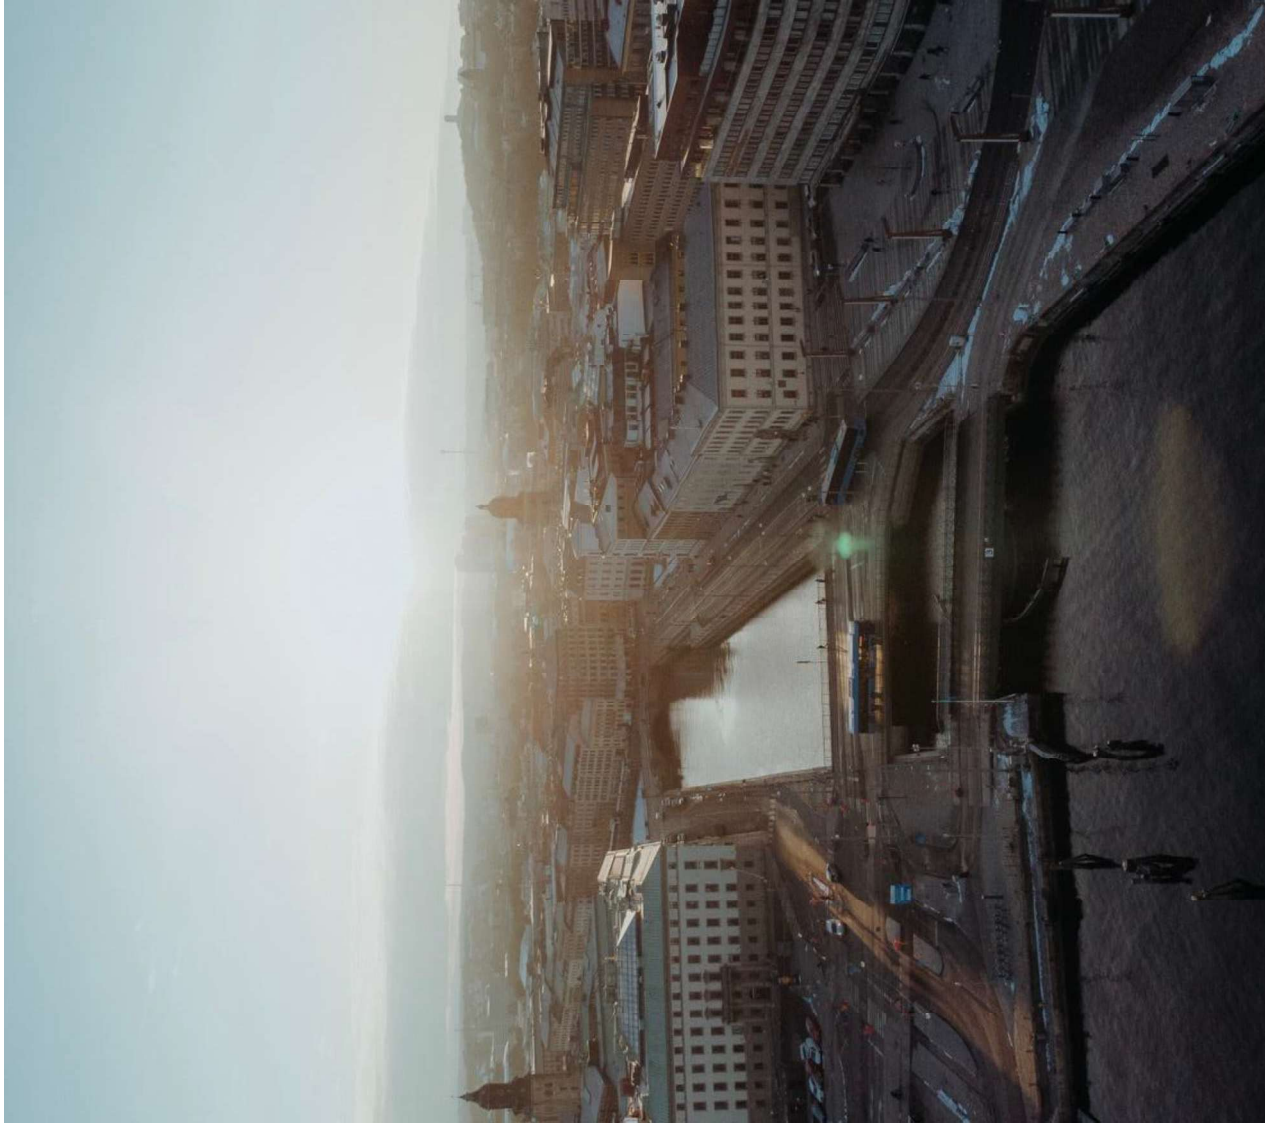

Adaptation, resilience and preparedness in the climate contracts

- Integrera strategier och processer för att inkludera digitalisering, social hållbarhet och anpassning.
- Identifiera multipla nyttor: miljö, socialt, ekonomiskt, trygghet, luftkvalitet, vattenkvalitet, hälsa och biologisk mångfald med naturbaserade och cirkulära lösningar.
- Rättvis omställning som inkluderar medborgarna och ger dem möjlighet att påverka.

Adaptation, resilience and preparedness in the climate contracts

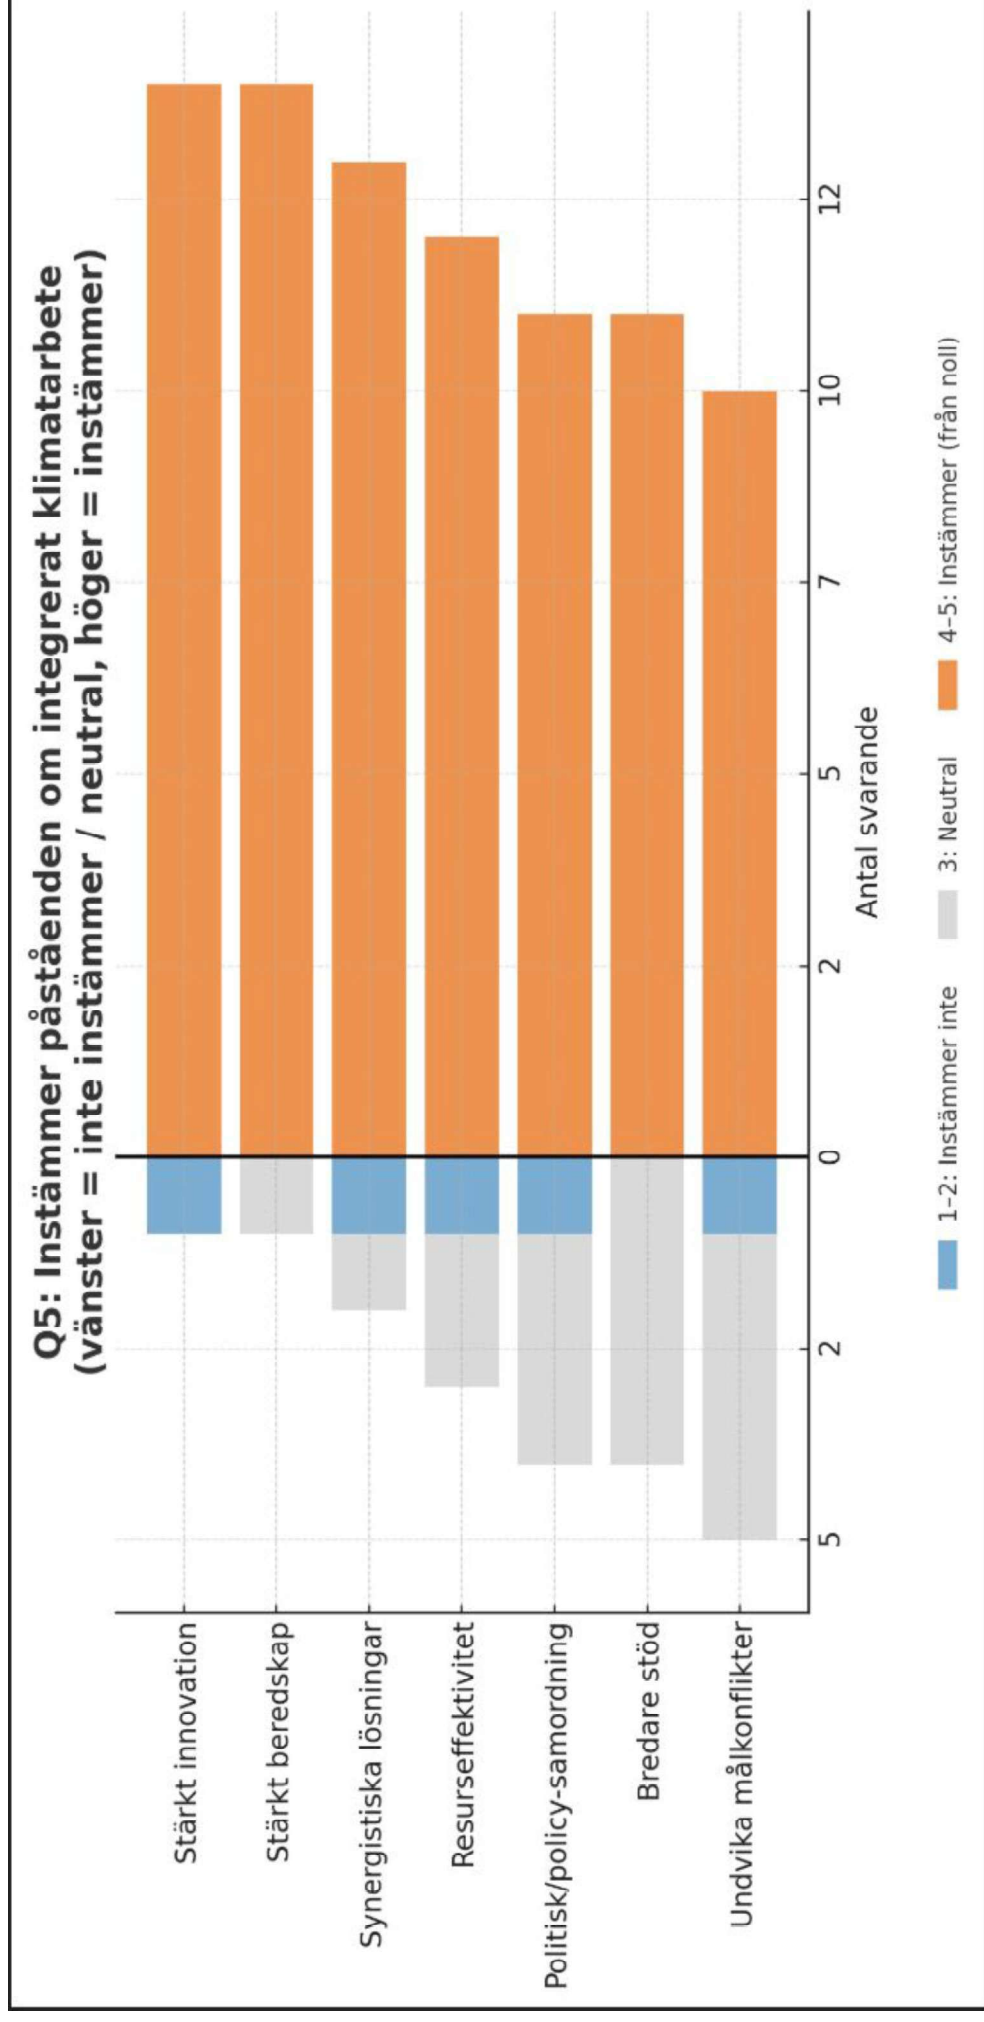

- Naturliga kolsänkor utreds som överlappar och behöver koordineras med åtgärder för biologisk mångfald och klimatanpassning för multipla nyttor.
- Åtgärder inom den cirkulära omställningen för ökat återbruk och mer lokalproducerade varor främjar beredskap, självförsörjning och minskad klimatpåverkan.

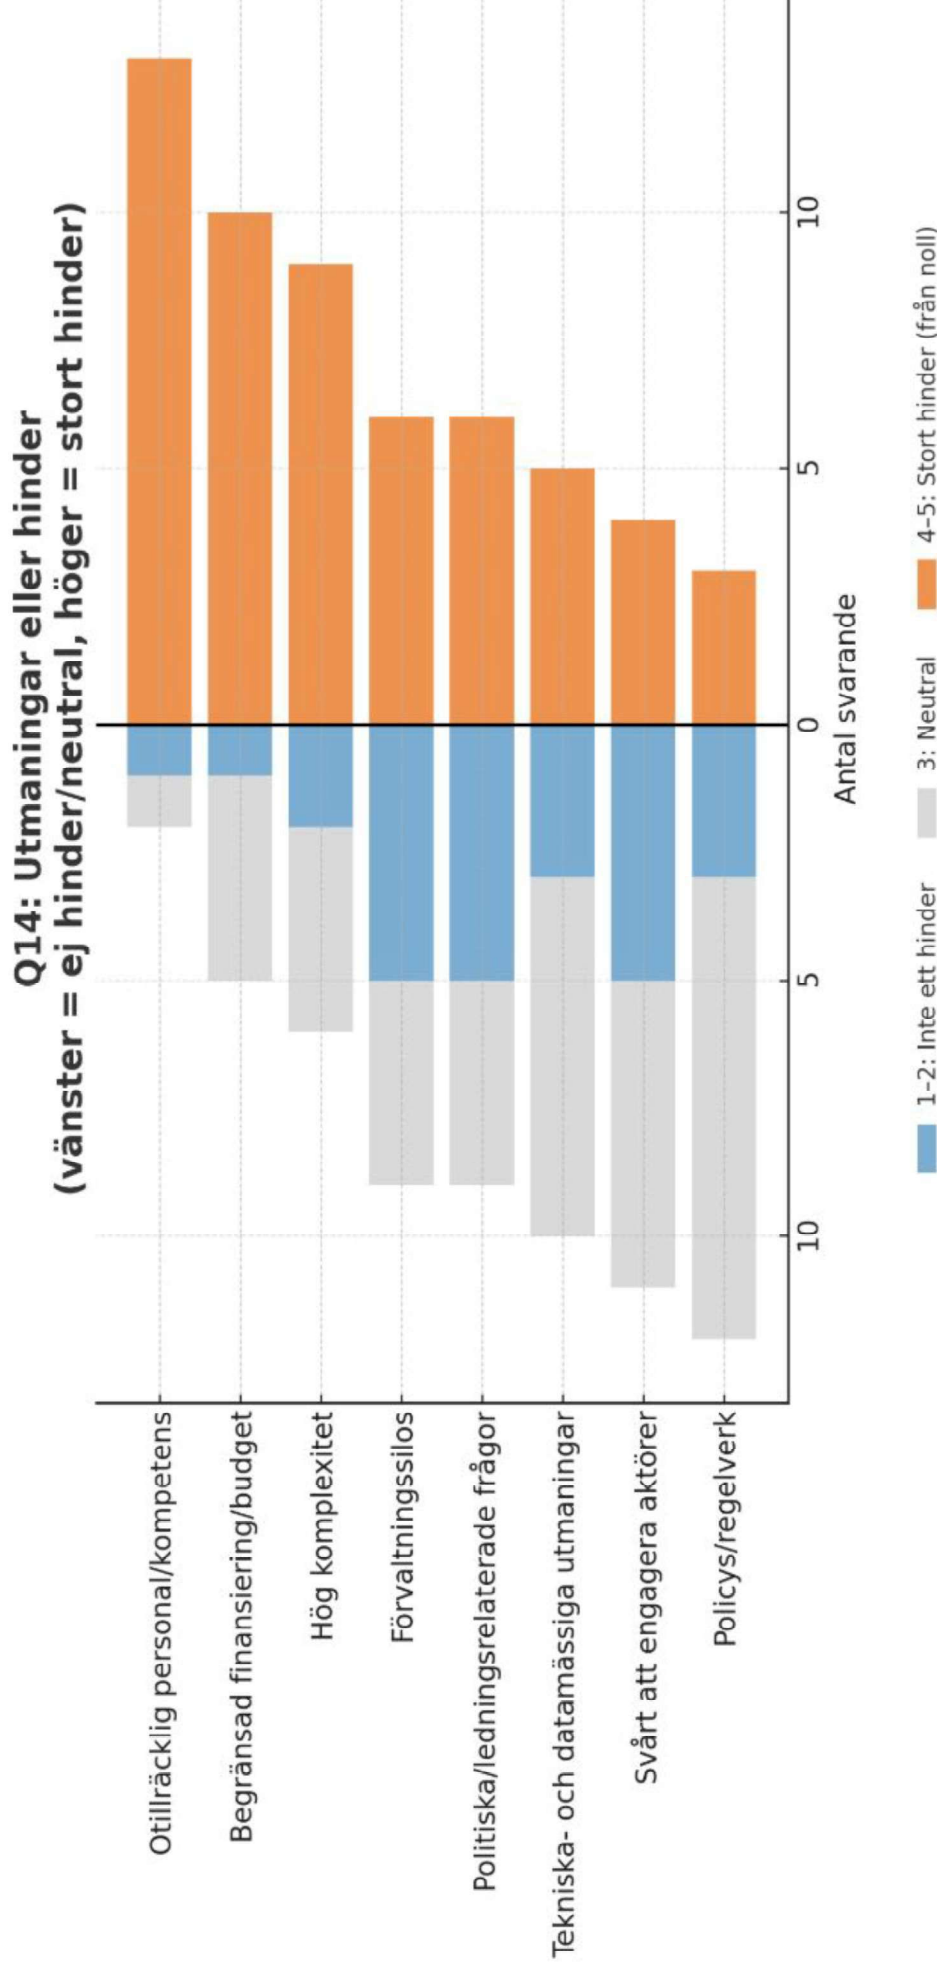

Integrering av klimatomställning och klimatanpassning i det kommunala arbetet - a survey

- Respondents: Viable Cities Process leaders
- 15 responses
- Preliminary analysis
- **Survey still open**

Upplevda nyttor med integrerat klimatarbete

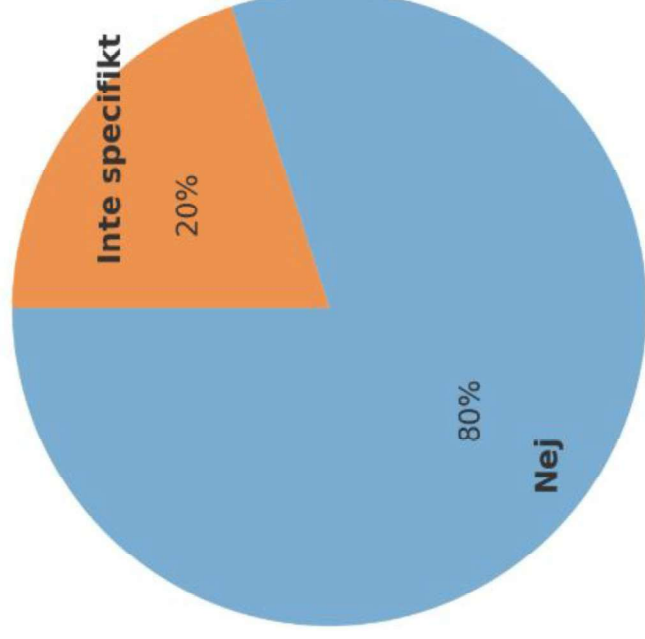

Upplevda hinder för att integrera klimatomställning och klimatanpassning

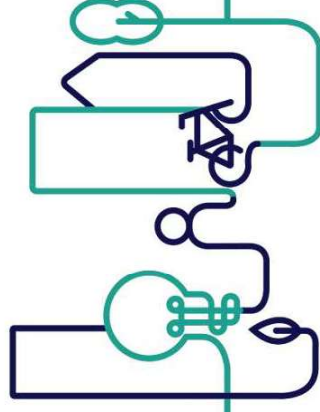

Användning av verktyg som integrerar klimatomställning och klimatanpassning

Q12: Använder ni ett verktyg/ramverk som integrerar klimatomställning och klimatanpassning?

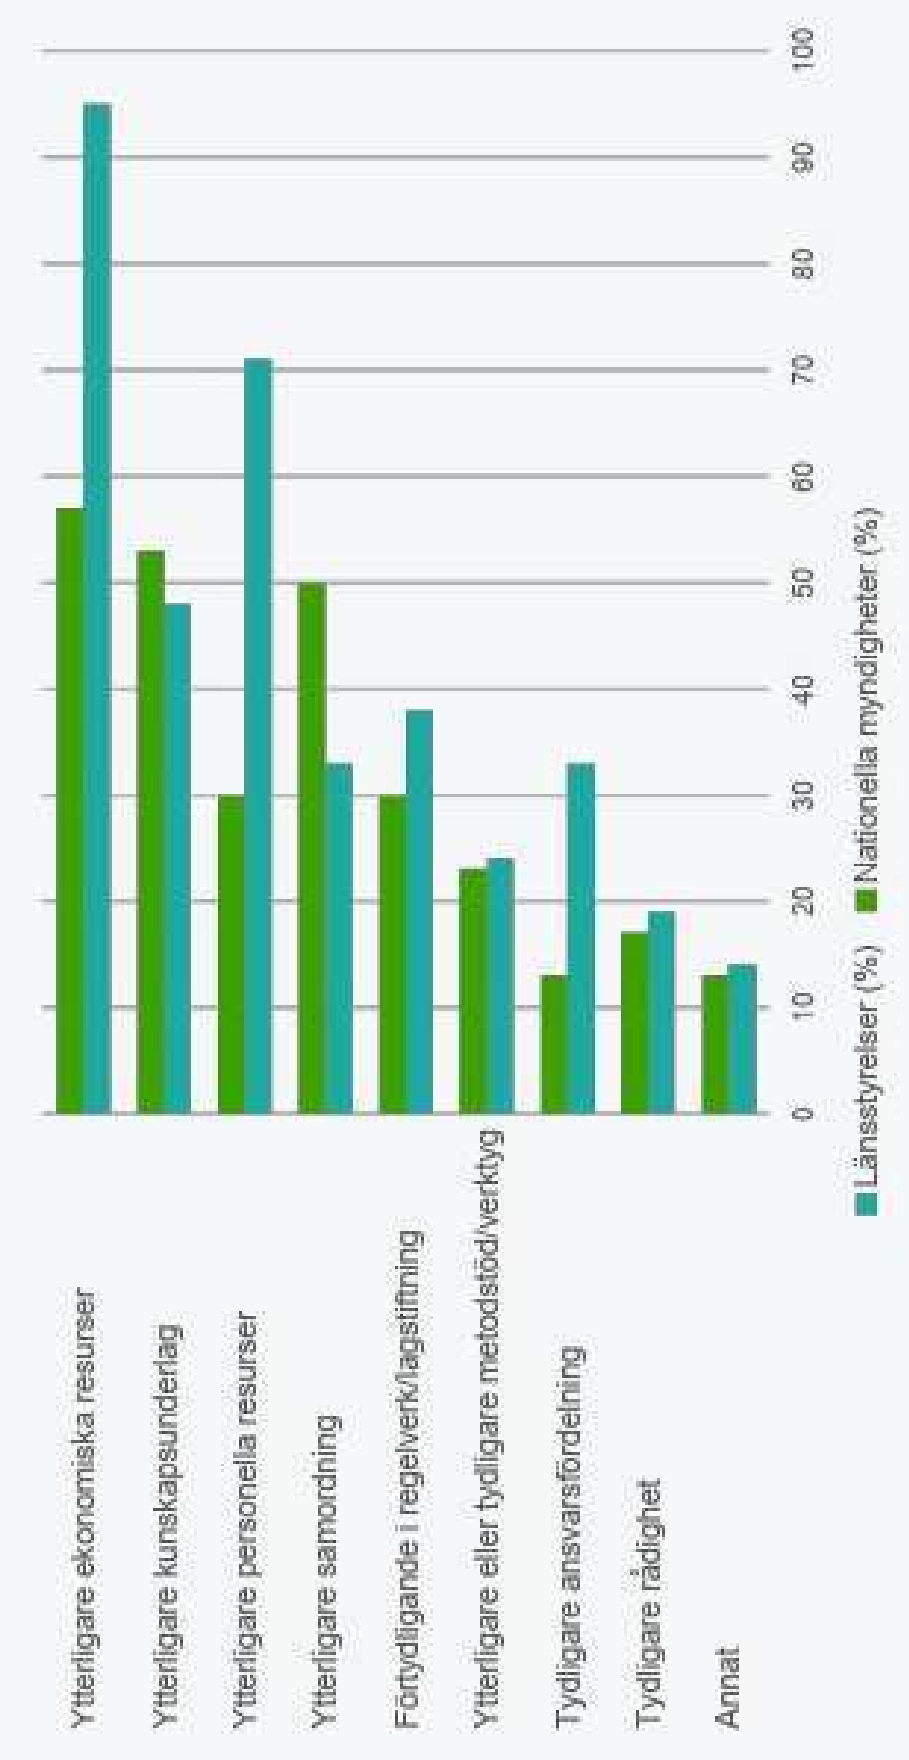

PANEL

- Johan Willdal, Program Manager for ERDF, The Swedish Agency for Economic and Regional Growth
- Jonathan Nylander, National contact point for Horizon Europe, Vinnova, Sweden's innovation agency
- Karin Hjärpe, SMHI The Swedish Meteorological and Hydrological Institute
- Christoffer Carstens, territorial strategy, Gävleborg County

Behov inom sektorn/länet

Ambition att samla information

Finansiering för kommuner

Uppdaterad 7 maj 2025 | Publicerad 5 juli 2024

Att hitta finansiering till klimatanpassningen kan vara en utmaning för många kommuner. Här ges en vägledning till hur olika områden eller frågeställningar kan finansieras inom kommunal budget, med hjälp av finansieringsinstrument som VA-taxan och gröna obligationer, eller med hjälp av projektfinansiering från nationella program och EU-fonder.

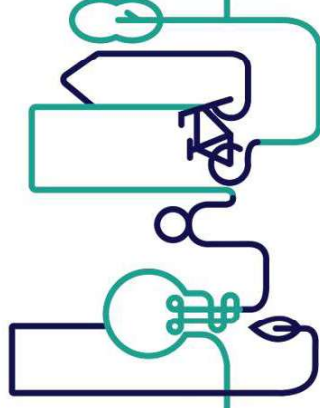

Kommuner behöver ofta medel för planering och samordning av klimatanpassningsarbetet, för att bedöma klimatrelaterade risker och sårbarheter samt för att genomföra åtgärder.

Planering och samordning
Bedömning av risker och sårbarheter
Genomförande av åtgärder

Inspirations- och utbildningsmaterial
Verktyg, guider och karttjänster
Finansiering
Finansiering för kommuner
Försäkring
Forskning och utbildning
Krisberedskap
Rättvis klimatanpassning
Vad är rättvis klimatanpassning?
Varför är rättvis klimatanpassning viktigt?
Hur kan vi arbeta med rättvis klimatanpassning?

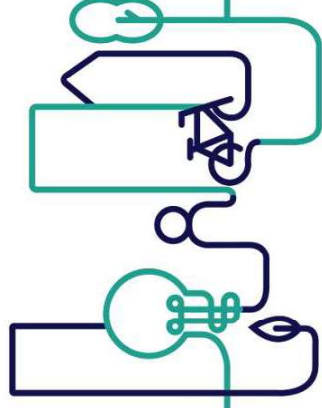

QUESTIONS

1. **What have you done that you see multiple benefits of** - and how can you rephrase these efforts to be even more multi-functional in the future?
2. **How could you organise** your local efforts/actions/governance (differently) to design initiatives that can be funded by this type of (integrated or “designated for either reduction/adaptation”) funding streams?
3. **What type of support** or assistance would most strengthen your integration of climate transition and climate adaptation? – and from whom?
4. **Other issues of importance** - Is there anything else important that should be brought forward?

FRÅGOR

1. **Vad har ni gjort som ni ser multipla nyttor med** (för klimatomställning, klimatanpassning, beredskap, resiliens, hälsa, rättvis omställning etc) – och hur kan ni lära av dessa insatser för att eventuellt kunna göra dem ännu mer multifunktionella i framtiden?
2. **Hur skulle ni kunna organisera** era lokala insatser/åtgärder/styrning (annorlunda) för att utforma initiativ som kan finansieras via den här typen av (integrerade eller ”från andra sidan”) finansieringsströmmar?
3. **Vilken typ av stöd** eller hjälp skulle mest stärka er integrering av klimatomställning och klimatanpassning?
4. **Övrigt av vikt** - Finns det något annat viktigt som bör tas vidare eller synliggöras?

1

Vad har ni gjort som ni ser multipla nyttor med (för klimatomställning, klimatanpassning, beredskap, resiliens, hälsa, rättvis omställning etc) – och hur kan ni lära av dessa insatser för att eventuellt kunna göra dem ännu mer multifunktionella i framtiden?

2

Hur skulle ni kunna organisera era lokala insatser/åtgärder/styrning (annorlunda) för att utforma initiativ som kan finansieras via den här typen av (integrerade eller destinerade för respektive klimatomställning/anpassning) finansierings strömmar?

3

Vilken typ av stöd eller hjälp skulle mest stärka er integrering av klimatomställning och klimatanpassning?

4

Övrigt av vikt

Finns det något annat viktigt som bör tas vidare eller synliggöras?

1

What have you done that you see multiple benefits of -
and how can you rephrase these efforts to be even more
multi-functional in the future?

2

How could you organise your local efforts/actions/governance
(differently) to design initiatives that can be funded by this type of
(integrated or “designated for either reduction/adaptation”) funding
streams?

3

What type of support or assistance would most strengthen your integration of climate transition and climate adaptation? – and from whom?

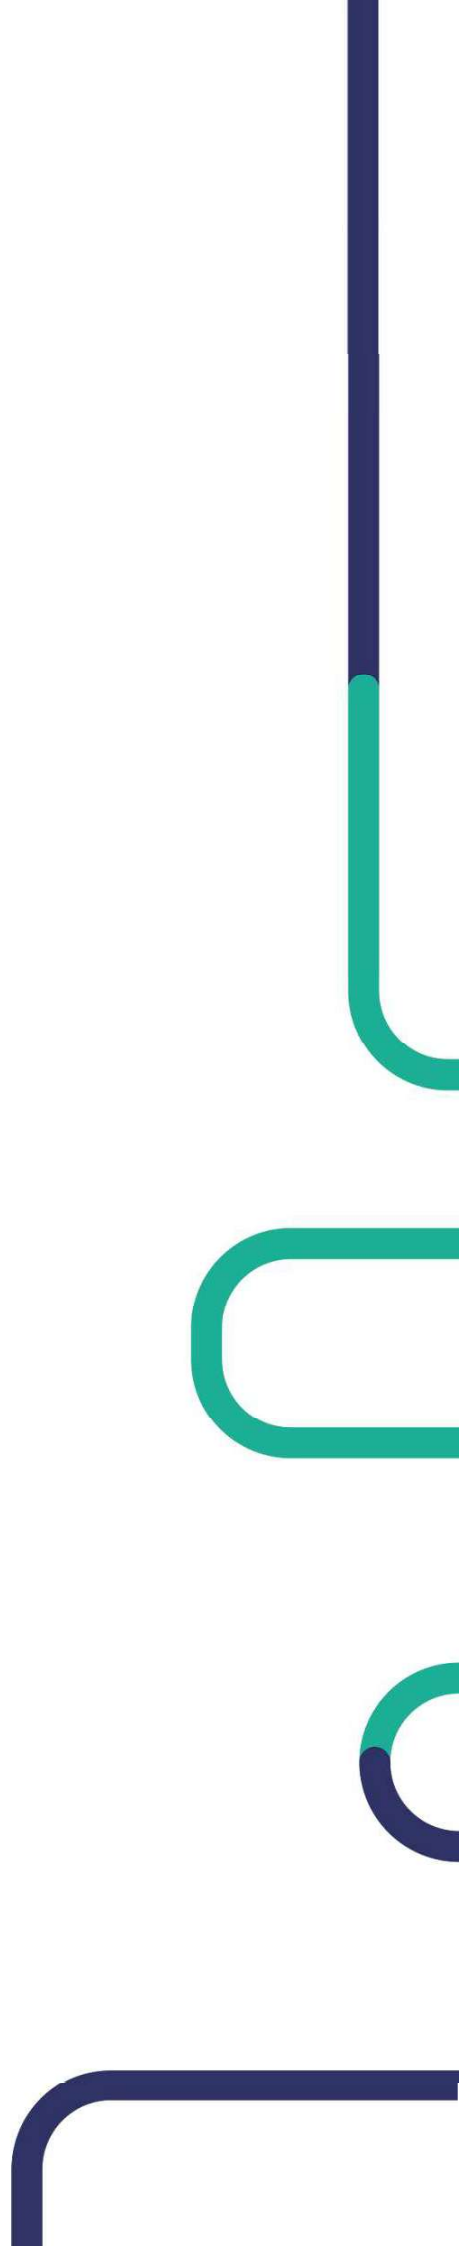

4

Other issues of importance
Is there anything else important that should be brought forward?

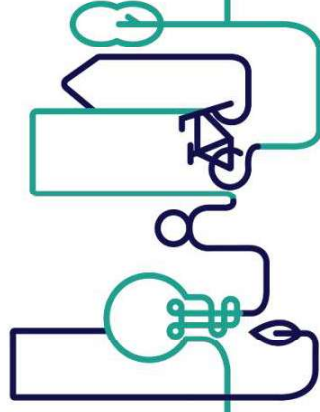

.....

FINAL REFLECTION

- Tommaso Bassetti, Lead Urban Specialist, ICatalist (MIP4Adapt - EU Adaptation Mission)
- 

Thank you

**The following slides
are templates that
you may use in
your workshops as
needed**

IT ALWAYS SEEMS IMPOSSIBLE UNTIL IT'S DONE

Your work on this project has been really impactful.

Co-funded by
the European Union

DONEC PEDE JUSTO

SECTION A

IT ALWAYS SEEMS IMPOSSIBLE UNTIL IT'S DONE

Your work on this project has been really impactful.

WORK HARD AND BE KIND AND AMAZING THINGS WILL HAPPEN

- Nullam dictum felis eu pede mollis pretium.
- Integer tincidunt.
- Cras dapibus.
- Vivamus elementum semper nisi.
- Aenean vulputate eleifend tellus.
- Aenean leo ligula, porttitor eu, consequat vitae, eleifend ac, enim.
- Aliquam lorem ante.

YOU DON'T HAVE TO SEE THE WHOLE STAIRCASE, JUST TAKE THE FIRST STEP

1

Donec pede justo, fringilla vel, aliquet nec, vulputate eget, arcu. In enim justo, rhoncus ut, imperdiet a, venenatis vitae, justo.

2

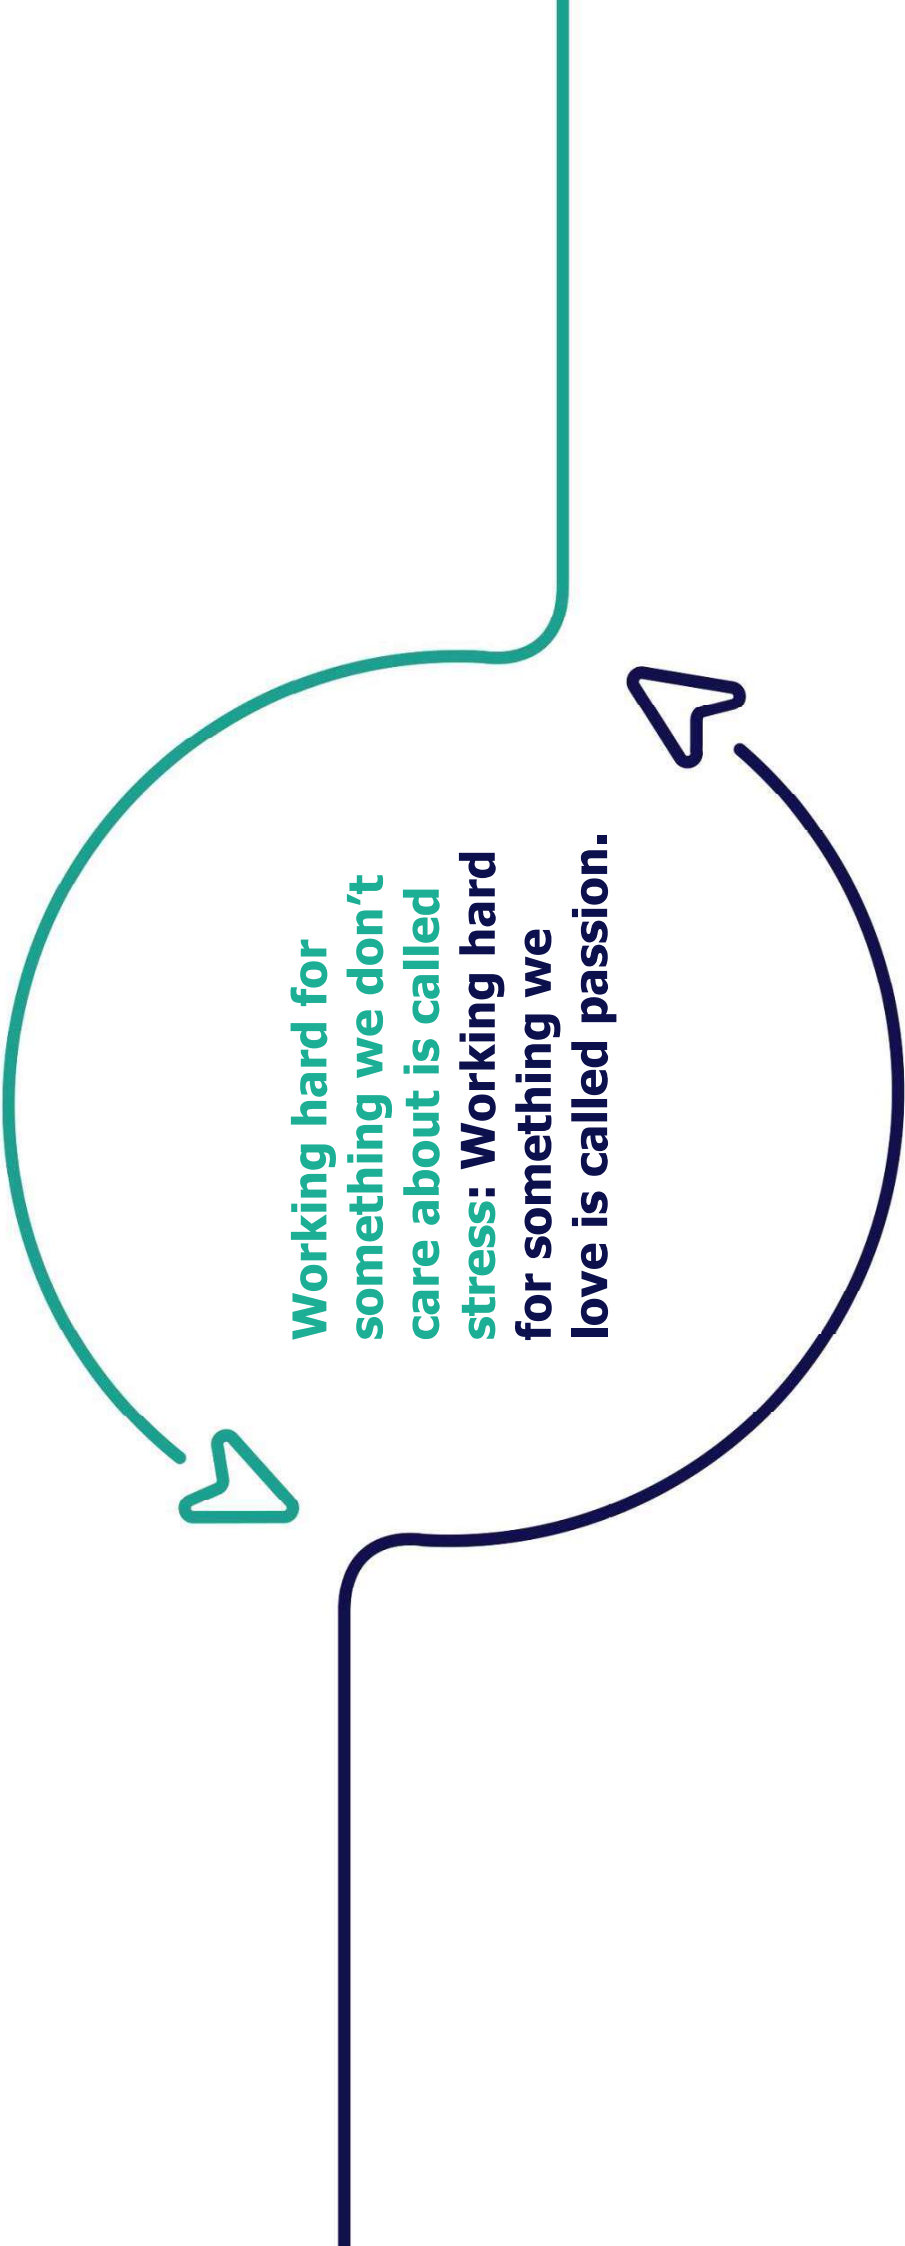

Donec pede justo, fringilla vel, aliquet nec, vulputate eget, arcu. In enim justo, rhoncus ut, imperdiet a, venenatis vitae, justo.

3

Donec pede justo, fringilla vel, aliquet nec, vulputate eget, arcu. In enim justo, rhoncus ut, imperdiet a, venenatis vitae, justo.

4

Donec pede justo, fringilla vel, aliquet nec, vulputate eget, arcu. In enim justo, rhoncus ut, imperdiet a, venenatis vitae, justo.

Working hard for
something we don't
care about is called
stress: Working hard
for something we
love is called passion.

- **DON'T JUDGE EACH DAY BY THE HARVEST YOU REAP
BUT BY THE SEEDS THAT YOU PLANT.**

1

Donec pede justo, fringilla vel, aliquet nec, vulputate eget, arcu. In enim justo, rhoncus ut, imperdiet a, venenatis vitae, justo.

2

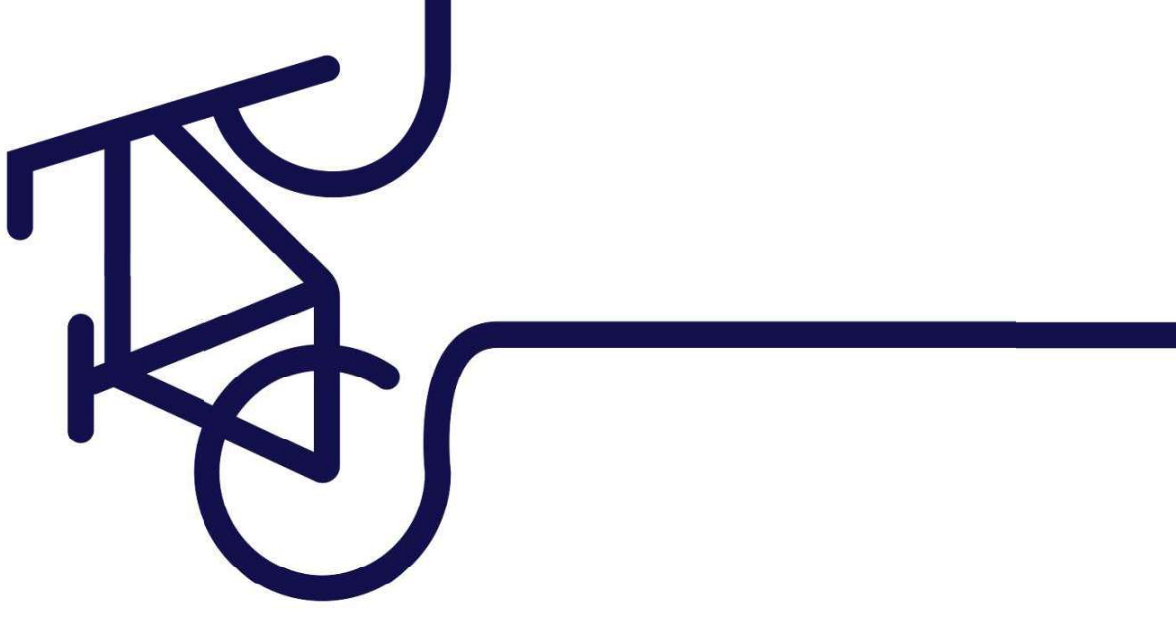

Donec pede justo, fringilla vel, aliquet nec, vulputate eget, arcu. In enim justo, rhoncus ut, imperdiet a, venenatis vitae, justo.

3

Donec pede justo, fringilla vel, aliquet nec, vulputate eget, arcu. In enim justo, rhoncus ut, imperdiet a, venenatis vitae, justo.

4

Donec pede justo, fringilla vel, aliquet nec, vulputate eget, arcu. In enim justo, rhoncus ut, imperdiet a, venenatis vitae, justo.

IF YOU GET TIRED, LEARN TO REST, NOT TO QUIT.

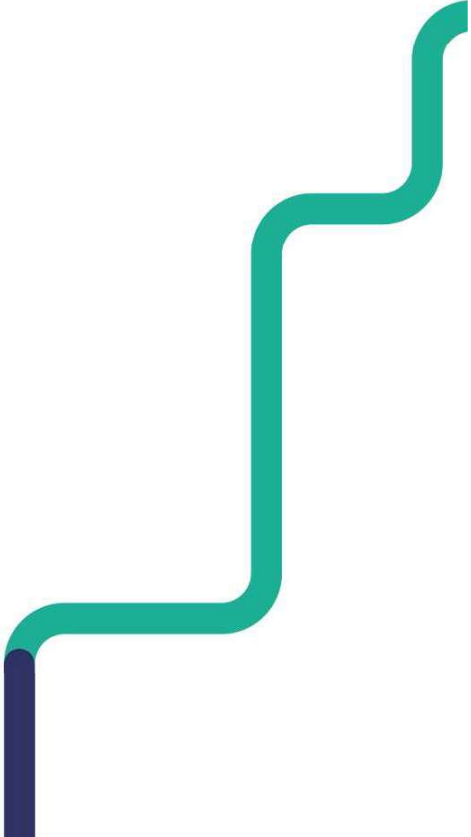

- Nullam dictum felis eu pede mollis pretium.
- Integer tincidunt.
- Cras dapibus.
- Vivamus elementum semper nisi.
- Aenean vulputate eleifend tellus.
- Aenean leo ligula, porttitor eu, consequat vitae, eleifend ac, enim.
- Aliquam lorem ante.

SECTION B

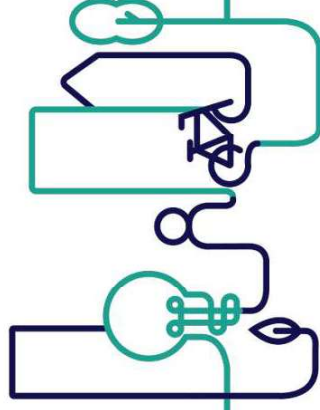

FAILURE IS NOT THE OPPOSITE OF SUCCESS: IT'S PART OF SUCCESS

What we fear of doing most is usually what we most need to do.

WHEN WE STRIVE TO BECOME BETTER THAN WE ARE, EVERYTHING AROUND US BECOMES BETTER TOO

- Nullam dictum felis eu pede mollis pretium.
- Integer tincidunt.
- Cras dapibus.
- Vivamus elementum semper nisi.
- Aenean vulputate eleifend tellus.
- Aenean leo ligula, porttitor eu, consequat vitae, eleifend ac, enim.
- Aliquam lorem ante.

**We do not learn
from experience.
We learn from
reflecting on
experience.**

- **EVERY ACCOMPLISHMENT STARTS
WITH THE DECISION TO TRY**
